Subject: Fw: Dimock Residential GW Site - Supplemental Report for All Work Orders - Lithium Re-Analysis Results

Robin,

Please make arrangements to have a copy of this email placed in each WO. Also, please arrange to have the case file for the Lithium Re-analysis prepared (case file checklist, etc.) so that we have a complete picture of the QC and results. A copy of this email and attachments needs to be included in that re-analysis case file. We'll need a reference link for this case file - any suggestions?

Let me know when the re-analysis case file is complete with this information and I'll complete the checklist information.

Thanks again for pulling this together!
Cindy
